Re: Decision 05-02 Gagliano – 17 Washington Drive, Acton

Dear Board Members:

On behalf of Helene and Guido Gagliano, we hereby grant an extension of the one year for plan endorsement. The requested plan modifications have been completed and are in review with the client and their attorney in order to prepare the necessary driveway covenant and performance guarantee. Given our late timing and to provide adequate time for the Acton staff and Planning Board to review the requested modifications we respectfully request an extension of one month for the plan endorsement.

Please contact our office if you have any questions or need further documentation.

Sincerely,  
Goldsmith, Prest & Ringwall, Inc.
